Course Substitution Policy

POLICY: Course Substitution
Volume: I, 2.1
Section: Academics
Responsible Office: Academics
Originally Issued: 11.04.20
Revised: 06/04/2021

I. Policy Statement

The course substitution policy is the approval process to transfer academic credits to satisfy specific degree requirements at Parker University. The course substitution policy is used to determine transfer credits from nationally and regionally accredited colleges and universities, when a student provides evidence that they have gained the course content through other course completions, and when circumstances prevent a student from completing one or more degree requirements published in the University Catalog.

II. Reason for Policy

The reason for the course substitution policy is to approve courses on a student's official transcript as substitutes to satisfy degree requirements and to provide considerations for approval. The Registrar's office, Academic Dean, or designee may utilize official transcripts and/or syllabi to substitute any required major courses. Students must complete a minimum of 25% of the total credits required through instruction at Parker University.

III. Policies that work in Unison

Transfer Credit Policy, Graduation Policy

IV. Policy

Course substitutions is the formal approval from an academic division to use one or more courses to satisfy degree requirements. Course substitutions can be used to transfer credits from another college or university, such as general education and core requirements. The registrar's office will determine transferability of credits and approve courses that meet the degree requirements per the University Catalog.

Student's may request to substitute courses previously completed at another university or if an extenuating circumstance prevents a student from taking a particular course at a particular time. A Program Director or Dean may approve a course substitution if a specific course is not being offered or if students must complete a degree within a specified timeframe.

V. Procedures

- The Registrar's office will determine transferability of general education and core courses based on official transcripts
- The Course Substitution Form must be completed if a student, Program Director, or Dean is requesting a course substitution for core required courses
- Credit total must be equal to or greater than the required course
- Two or more courses within the same subject (two or more like/similar courses) may be combined to substitute for a required course
- The course level must be no lower than one course level below the required course (i.e., a 300-level course may substitute for a required 400-level course)
- Course content must be consistent with those of the required course. In some instances, students must provide a syllabus from the completed course. The course syllabus should include the required textbook(s), an outline of the course, and student learning outcomes (objectives).
- The completed form is submitted to the registrar's office for data entry.

Absence Policy

POLICY: Absence Policy
Volume: I, 2.2
Section: 2 Academics
Responsible Office: Academics
Originally Issued: 2015
Revised: 5/8/2021

I. Policy Statement

The Absence Policy defines various categories of student absences and important conditions regarding each.

II. Reason for Policy

This policy is designed to (1) provide clarity for students about what an absence constitutes while (2) providing guidelines for departments to enforce absence processes

III. Policies that work in Unison

Leave of Absence Policy and Attendance Policy

IV. Policy

Excused absences

If a student is absent due to extenuating circumstances, the absence may be considered an excused absence. Students must submit documentation of extenuating circumstances to their instructor(s) or program director within 3 days of an absence for excused absences to be recorded. Should a student be unsuccessful in addressing absences due to extenuating circumstances with the instructor(s), they may submit a written appeal to the appropriate Academic Dean.

Outside employment, personal appointments, vacations, etc. will not be considered as an extenuating circumstance for an excused absence.

Extenuating Circumstance Absences

If an extenuating circumstance will result in more than 3 consecutive school days of absence, the Academic Dean must be notified in writing, in advance (when possible). The following types of absences are examples for possible accommodations.

- Military duty
- Jury duty
- Pregnancy, childbirth, and related conditions
- Significant medical conditions
- Bereavement

The options for assistance or accommodation of these circumstances may include, but are not limited to, the following:

- Alternate arrangements for completing coursework. Parker University requires documentation to allow a student to make-up exams or assignments.
- Withdrawal from courses to reduce course load
- Incomplete grades in one or more courses
- Leave of absence from the university

Religious Holiday Absences
A religious holiday is defined as a day of observance by a religion whose places of worship are exempt from property taxation under Section 11.20 of the Texas Tax Code (or would be exempt if located in Texas). A student who plans to miss an examination or assignment for the observance of a religious holy day, including travel for the occasion, should notify the course instructor of all courses affected prior to the absence. Notification should be provided in written form in advance of the absence. A student who is absent under this policy will be allowed to take examinations or complete any assignments missed due to the observance of the religious holy day (see missed exam policy). Failure to notify in accordance with the requirements above may result in denial of the request for a make-up examination or assignment.

Satisfactory Academic Progress (SAP) Warning or Probation Absence
A student on Warning or Probation is required to attend all lectures, laboratory sessions, clinicals and scheduled academic conferences. Students on Warning or Probation who do not attend in accordance with this requirement may be administratively withdrawn.

Licensing Considerations for Absence
Some state boards/licensing agencies require a specific number of classroom hours in order to grant appropriate credentials to practice. Students should familiarize themselves with the requirements for eligibility for the states in which they wish to practice.
For Chiropractic regulations, this can be done by visiting the applicable state board websites or the Federation of Chiropractic Licensing Boards' website at www.fclb.org. It is the student's responsibility to fulfill and document the requirements of the state(s) to which they plan to apply for licensure. Program Directors will assist students as necessary.
For other programs, consult the Program Director or appropriate Dean. Licensing Information is also located in the Parker University Academic Catalog.

Assessments Missed Due to Absence
Students should notify instructors in advance, as much as possible, if extenuating circumstances prevent a student from completing a scheduled assessment. Third-party, written documentation is required. Missed assessments without appropriate notification to the instructor may result in a grade of "0."

The instructor will evaluate the circumstances resulting in the missed assessment and determine whether a make-up assessment will be available. The student should coordinate with the instructor to arrange on the make-up assessment date, time, location and format.

Some degree programs may vary on make-up assessments. Please ask your program director or appropriate Dean for information regarding your program.

Assessments missed due to a Parker University sanctioned event may be eligible for make-up exams. Please gain approval from your program director or appropriate Dean prior to missing an exam and claiming a sanctioned event as the cause. University sanctioned events are defined by the appropriate Dean and not subject to appeal.

V. Procedures

This policy is to guide students, faculty and administration for procedures involving excused absences.

This policy is effective immediately. To obtain approval for an exception to this policy, please work with the appropriate Dean. The Dean will seek additional approval of the exception from the Vice Provost or Provost as necessary.

POLICY: INCOMPLETE GRADES
Volume: 1, 2.2
Section: Academics
Responsible Office: Registrar
Originally Issued: February 2021
Revised: July 2021

Incomplete Grade Policy

I. Policy Statement

An Incomplete "I" is a temporary grade which may be given at the instructor's discretion to a student when illness, military service, necessary absence, or other reasons beyond the control of the student have prevented completion of course requirements by the end of the course. The student and instructor must complete the associated Incomplete Grade Contract, obtain the necessary signatures, and file it with the Office of the Registrar.

II. Reason for Policy

Parker University is committed to supporting our student body throughout their time with us. This entails supporting them through challenges of life that may be beyond their control and which keep them from completing coursework. Parker also supports students' academic progress toward their graduation, so this policy allows for incomplete grades with defined guidelines on how to ensure the student continues their coursework progression.

III. Policies that work in Unison

Related Policies:
- Satisfactory Academic Progress (SAP)
- Attendance

Relevant Forms:
- Incomplete Grade Contract
- Grade Change

IV. Policy

Incomplete grades may be given **only** in the following circumstances:
- The student's work to date is sufficient to complete the course with a passing grade;
- Attendance has been satisfactory through at least 70% of the term or course, whichever is shorter;
- When warranted and at the discretion of the faculty member, the student must provide third-party documentation demonstrating that an illness, military service, or other extenuating circumstance legitimately prevents completion of required work by the end of the course;
- Required work may reasonably be completed in an agreed-upon time frame that is within 14 calendar days from the last date of the course in which the Incomplete is earned and does not require the student to re-take any portion of the course; this is exclusive of school holidays and scheduled laboratory time.
- The incomplete is not given as a substitute for a failing grade;
- An incomplete grade cannot be granted in the final course with the exception of clinicals;
- And the incomplete is not based solely on a student's failure to complete work or as a means of raising their grade by doing additional work after the grade reporting time.

Appropriate grades must be assigned in all other circumstances. A failing grade and last date of attendance should be recorded for students who cease attending class without authorization. Students who are unable to complete a course and who do not meet these circumstances should consider withdrawing from the course with the understanding that this may impact their eligibility for Financial Aid under the Satisfactory Academic Progress policy.

V. Procedures

Process:
1. The student initiates the request for an incomplete grade with their instructor before the end of the course by completing Sections I and II of the Incomplete Grade Contract and emailing it to their instructor.
2. The student's request to the instructor must document the reason for the incomplete request that demonstrates that the student's inability to complete their work is beyond their control. Examples include, but are not limited to, illness, family emergency, a hospitalization admittance and release, or a letter of military deployment. The requirement to have third-party documentation can be waived based on extenuating circumstances as defined in the catalog.
3. The instructor and student must discuss the terms of the Incomplete Grade Contract. The discussion:
   a. should be in person, Teams, or on the phone;
   b. must include the details of the coursework to be completed;
   c. must include the date by which coursework must be completed (Incomplete Grade Deadline);
   d. must review the grade that will be submitted if the student does not complete the assigned work within the timeframe.
   NOTE: Incomplete coursework must be made up and final grades submitted within 14 calendar days from the last date of the course in which the Incomplete is earned.
4. The Instructor will enter a grade of "I" for the student during the grade submission process on MyParker at the conclusion of the course.
5. The Instructor will also send the Incomplete Grade Contract and documentation of reason to the Office of the Registrar (askregistrar@parker.edu).
6. The Office of the Registrar will attach the Incomplete Grade Contract and documentation of reason to the student's record in Jenzabar (Notepad).
7. Instructors, their Program Directors or Chairs, and the Deans will receive an automated report reminder each Tuesday and Friday of outstanding Incomplete grades via email.
8. The instructor is responsible for completing the Grade Change form with the final grade and submitting it to the Office of the Registrar (askregistrar@parker.edu) upon completion of the coursework, which can be no later than the Incomplete Grade Deadline. Any grades not entered by the deadline will receive an automated incomplete/failing "I/F" grade.
9. The Department of Online and Instructional Technology will use the Incomplete report to manage opening and closing the courses within Blackboard.

Conditions:
- It is in the student's best interest that incomplete grades be made up by the beginning of the following academic course/term. Incomplete grades must be made up and final grades submitted to the Office of the Registrar, via a Grade Change form, within 14 calendar days from the last date of the course in which the Incomplete is earned.
- The course work may be completed while the student is not enrolled.
- The instructor may identify a default grade on the Incomplete Contract form which will appear on the transcript should the Incomplete Grade Deadline lapse without further action on the part of the student. If no grade is identified by the instructor by the

Incomplete Grade Deadline, an automated incomplete/failing "I/F" grade will be assigned.

- This policy affects Incomplete Grades given in the Fall of the 2020-2021 academic year and thereafter. For outstanding Incomplete Grades prior to the Fall of 2020, the instructor or Program Director will need to meet with the student and file the Incomplete Grade Contract and documentation of reason with the Office of the Registrar (askregistrar@parker.edu).
- No incomplete grade extensions will be granted for the final course before graduation, except for clinical coursework.
- An Incomplete grade may not be considered passing for purposes of determining academic standing and progression in Satisfactory Academic Progress. This may impact disbursements of federal financial aid.
- Notation of the original Incomplete status of the grade remains on the student's transcript along with the final grade.
- Only in the most extenuating circumstances will extensions be granted beyond the original Incomplete Grade deadline. The instructor must:
  - Meet with the student;
  - Complete a new Incomplete Grade Contract
    - Add reason for the extension to the Additional Information section
    - Extensions must be signed by the student, instructor, Department Chair/Program Director, and the supervising Dean;
  - And, file Incomplete Grade Contract and documentation of reason with the Office of the Registrar (askregistrar@parker.edu).
  - With an extension, a final grade must be assigned within 60 calendar days of the course end date in which the Incomplete was earned. No additional extensions beyond 60 calendar days will be given unless approved by the Provost.
- Students who receive an incomplete grade in a course must not reregister for the course to remove the "I".

Leave of Absence Policy

POLICY: LOA
Volume: I, 1.7
Section: Admissions and
Registration
Responsible Office: Registrar
Originally Issued: 11.04.20
Revised: 07/15/2021

I. Policy Statement

Unforeseen circumstances may arise prompting the need for a student to take a temporary leave of absence from their studies. As defined in the Leave of Absence policy, students may take a leave in order to address these situations.

II. Reason for Policy

Parker University is committed to supporting our student body throughout their time with us. This entails supporting them through challenges of life that may be beyond their control and which cause them to take a temporary leave of absence from their studies.

III. Policies that work in Unison Readmission Policy Withdrawal Policy

IV. Policy

Leave of Absence Policy

A leave of absence (LOA) is a temporary interruption in a student's program of study and cannot exceed 120 days in any twelve-month period. A leave of absence can be voluntary, due to a medical condition, or related to military deployment. Students may apply for a personal leave of absence for any reason; however, the request for a personal leave of absence must be submitted prior to the start of a new semester. A student may request a medical leave of absence if temporarily unable to continue their program due to an illness or injury and students can apply at any point during an existing semester. A leave of absence can impact a student's financial aid therefore the student must promptly consult with their Academic Dean and the Financial Aid office to determine how their financial aid may be affected. Students who do not qualify for an approved leave of absence should submit an institutional withdrawal request as outlined in the Withdrawal Policy.

Generally, students are limited to one leave of absence in any twelve-month period. However, a second leave of absence may be granted if the total number of days does not exceed 120 days in any twelve-month period. A leave of absence is granted only when there is a reasonable expectation a student will return to school at the expiration of the leave of absence. To be eligible to apply for a leave of absence, a student must have completed one full term at Parker University. The student must submit a leave of absence request form to their Academic Dean prior to the start of a semester. An exception to this policy may be made for a student with a medical emergency or military deployment.

When a student returns from an approved leave of absence, the student must resume training at the same point in the academic program that they began the leave unless directed to do otherwise by the Program Director or Academic Dean. Students taking an approved leave of absence do not incur any additional charges for the period of the approved leave beginning with the next full class following an attempted course.

If a student does not return to school on their intended return date of an approved leave of absence, the student will be withdrawn from the university. The student's last day of attendance will be used to calculate charges, refunds and/or return to Title IV funding. A consequence of failing to return from a leave for students who have received federal student loans is that most of a student's grace period may be exhausted and student loan repayment may begin immediately. In the event the student wishes to return after being withdrawn from Parker University, the student must apply for re-admission.

Request a Leave of Absence (LOA) (for students):
- The student is responsible to submit a personal or medical leave of absence request to the Academic Dean prior to the start of the semester. A personal leave of absence should be requested and approved prior to the start of a new semester. Exceptions can be made by the Dean on a case by case basis.
- The student will document intent to return on a specified date to complete the course of study.
- The leave of absence shall not exceed 120 days in any 12-month period

Reasons for a leave of absence:
- Illness of self or a family member
- Death in family
- Birth of a baby or situations covered under the Family and Medical Leave Act of 1993
- Financial difficulty
- Military duty
- Jury duty
- Other circumstances approved by the Academic Dean, Director of Financial Aid, and Registrar
- All other absences will be considered an unapproved leave of absence and will result in the student being withdrawn from Parker University per the attendance policy. Students must apply for re-admission if they wish to return to Parker.

Approval Process (for administration):
- After the student submits the LOA request the academic, bursar, and financial aid departments will approve the request. The registrar will process the request for LOA.
- The academic department is required to provide academic counseling with the student via phone or email. Special attention should be focused on the ability of the student to complete the course of study upon returning to the university.
- The financial aid and business departments will counsel the student with an emphasis on Title IV regulations for failure to return from LOA.

Failure to return:
- Failure to return from an approved leave of absence shall be considered a withdrawal. The withdrawal date will be effective on the last date of attendance to determine return of Title IV funding.

Military Deployment Policy

Military students must provide a copy of orders to request a withdrawal or leave of absence for Military Duty. No academic penalty will be given for deployment. Parker University offers several options for students who are deployed and are unable to complete their course work.

Accommodations for Short-Term Absence (up to 10 days):

Enrolled students who are members of the U.S. Armed Forces, National Guard, and Reserves who are unable to attend a class for **10 days or less** are encouraged to consult with their instructor about finishing the course early or to make up assignments if the student can return to the class before the end date. If the student is not able to complete the course, they may be eligible to receive an Incomplete (I) grade.

- The student is responsible for notifying their instructor and Program Director/Academic Dean within two days of receipt of orders and before missing scheduled classes, exams, and assignments.
- The instructor will provide reasonable accommodations for coursework such as, but not limited to

- o Rescheduled or alternative assignments, quizzes, and exams
- o Alternative dates and times for presentations
- o Opportunities to make up missed participation/discussion board points
- o Offering online alternatives for in-person content

Military Short-Term Leave of Absence (11 days or more):
Enrolled students who are members of the U.S. Armed Forces, National Guard, and Reserves who are unable to attend a class for **11 consecutive calendar days** within a term will have the opportunity to complete the course requirements.
- The student is responsible for notifying their instructor and Program Director/Academic Dean within five days of receipt of orders and before missing scheduled classes, exams, and assignments.
- The instructor will provide the student with an opportunity to complete the course requirements with reasonable due dates to accommodate the excused absence.
- The instructor may grant an Incomplete (I) grade if the dates of military orders are near the end of the course.
- Extensions are possible given mitigating circumstances. Extension requests will be evaluated on a case-by-case basis with approval from the Academic Dean.

Military Leave of Absence (MLOA):
An undergraduate or graduate student who is a member of the U.S. Military, National Guard, or other armed forces reserves may be granted an MLOA when ordered to report for duty. Students may apply for an MLOA if they are called for active-duty deployment, mandatory training or drills, reassignment to a different military base, natural disaster responses, and travel days for **30 days or more.**
- The student must notify the Program Director/Academic Dean within five days of receiving military orders for deployment.
- Placed on leave for up to 180 days or withdrawn with the opportunity to return according to the Readmission Policy.
- If a student does not qualify for an Incomplete grade, a grade of WM will be assigned.

NOTE: Veterans' Administration benefits and some Title IV funds may not cover the cost of repeating courses. Students should speak with the School Certifying Official of the Financial Aid office for further details.

V. Procedures
1) Student discusses with their Academic Advisor/Program director of their desire to request a Leave of Absence. Academic Advisor/Program Director determines eligibility and instructs the student to submit the LOA Request form.
2) After the student submits the LOA request, the academic, bursar, and financial aid departments will approve the request.
   - The academic department is required to provide academic counseling with the student via phone or email. Special attention should be focused on the ability of the student to complete the course of study upon returning to the university.
   - The financial aid and business departments will counsel the student with an emphasis on Title IV regulations for failure to return from LOA.
3) Once approved, the Registrar will process the request for LOA.
   - LOA tables are updated in Jenzabar and Exit Information is entered. The student is notified of approval and confirmation of anticipated date of return.
4) When the student is ready to reenroll at the end of the approved leave, they must submit a readmission application. If the student does not return by their anticipated date of return, they will be fully withdrawn from the university and will be responsible for any balance that may be owed.

Policy on Development of Academic Policy

I. Policy Statement

The University process by which academic policies are developed, reviewed, and revised ensures that policy accurately represents the programs. Policy may be proposed by members of the various constituent groups that meet regularly and are affected by the policies: Academic Administrative Leadership, Faculty Senate, and Student Affairs. A proposal for new academic policy is submitted to the Provost's Office.

II. Reason for Policy

This policy assures a process for the development and review of academic policies that is consistent with the University's mission, includes appropriate constituent participation, and accurately portrays the University's programs and services.

III. Policies that work in Unison

n/a

IV. Policy

The academic policies, consistent with the University's mission, are developed with appropriate constituent participation, accurately portray the University's programs and services, and are circulated to the people who benefit from and participate with policy practices. The University process for academic policies includes constituent collaboration during the assessment of a new academic policy proposal, an annual review of established academic policies, an annual call for new academic proposal ideas to constituent groups, and description of the way in which an established academic policy may be revised.

V. Procedures

A proposal for new academic policy is submitted to the Provost's Office. Once received, the proposal is formalized for review by the previously mentioned constituent groups for any feedback and modification. After amendments have been made according to this feedback, the proposal is reviewed during Student Success Meetings, which are organized by the Provost. The Student Success Meetings, which include the Provost, Vice Provost, department leads for all student support offices including research, and the college Deans, determines if:

- The proposal can be approved and finalized by members of the Student Success Meeting
- The proposal is not appropriate and is denied
- The proposal is returned to the constituent groups for further review or comment
- The proposal proceeds to the President's Cabinet for final approval, as appropriate
- If a proposal is not valid as a standalone new addition, commentary may be returned to the constituent groups, explaining how current academic policy may revised to adopt the operations of the new proposal.
- If an academic policy proposal is not accepted, an explanation is sent to the constituent groups.

The President's Cabinet may need to review some academic policy proposals. In such cases, the Cabinet will provide final approval unless the proposal needs approval from the Board of Trustees. The Board approves academic policy proposals when the operating budget is substantially involved, or a significant portion of the curriculum would be changed as a result of implementing the proposal.

The President's Cabinet approves academic policy proposals that require submission to the Board.

Annually a call goes out from the Provost's Office to program leadership teams, Faculty Senate, and Student Affairs announcing the period for submitting academic policy revision proposals based on policy review and experiences with policy operations. The process for which an academic policy revision proposal is managed is the same as the process described previously for a new academic policy proposal.
