

# Create Turnitin Assignments in Blackboard

Turnitin assignments can now be easily added to any Blackboard Content Area. Faculty members no longer have to create courses in Turnitin and Students no longer have to create accounts or enroll themselves in the course with a password. Turnitin Assignments are created by the instructor, submitted by students, and the results can be viewed within Blackboard. The grades can also be easily synced to the Blackboard's grade center. These instructions along with others are available on the [Information Technology](#) site on MyParker.

1. Navigate to any Content Area (like Assignments or Lessons) in your course. This is the area where you want students to find and submit their Turnitin Assignment.
2. Open the menu for the Create Assessment tab and select **Turnitin Assignment**.

The first time you create a Turnitin assignment, you may be prompted to agree to Turnitin's usage terms. Doing so will take you to Turnitin's New Assignment page.

3. Give the Assignment a Title, assign points and set the dates for the Assignment.
  - The Start Date is when students see and can submit the assignment.
  - The End Date is the Due Date.
  - The Post Date must be at least 5 min. after the End Date. The post date is used to determine when feedback is posted (GradeMark & PeerMark feature).

### New Assignment

<p>Assignment title <a href="#">?</a></p> <input type="text"/>	<p>Start date <a href="#">?</a></p> <p>09-Sep-2013 </p> <p>at 2 : 10 PM</p>
<p>Point value <a href="#">?</a></p> <input type="text"/> <p>Optional</p>	<p>Due date <a href="#">?</a></p> <p>16-Sep-2013 </p> <p>at 11 : 59 PM</p>
	<p>Post date <a href="#">?</a></p> <p>17-Sep-2013 </p> <p>at 12 : 00 AM</p>

NOTE: In Blackboard, the post date relates to the availability of GradeMark papers only and has no bearing on when grades are posted to the Blackboard Grade Center.

[+ Optional settings](#)

View the Optional Settings. This area offers options such as:

- Allowing late submissions
- Managing the Originality Report
- Creating a Grading Rubric
- Enabling the e-rater Grammar Check

## Originality Report

Generate Originality Reports for submissions? [?](#)

- Yes  
 No

Generate Originality Reports for student submissions [?](#)

immediately first report is final
