

Dear Prospective Students,

Parker University is institutionally accredited by Southern Association of Colleges and Schools (SACS). Accreditation is a sign that an institution has met an external set of criteria for its institution. Parker University is also accredited by Commission on Accreditation of Allied Health Education Programs (CAAHEP) in General Sonography.

Registration with American Registry for Diagnostic Sonography (ARDMS) requires passing the Sonography Principles & Instrumentation (SPI) Examination in addition to attempting a registry in abdomen or OBGYN. Students will be required to pass the SPI examination before graduation.

I have read and understand Parker University is SACS accredited and CAAHEP accredited as a General Ultrasound Program. In addition, all questions regarding the above disclosure have been answered. I hereby acknowledge the consequence of the above disclosure.
