

Setup Lecture Tools Account and Access Lecture Tools Lectures

The following instructions walk you through the process of setting up your Lecture Tools account and accessing your Lecture Tools lectures from Blackboard. Lecture Tools is a third party site that you can connect to directly from Blackboard. This reference guide is available for download on the [Information Technology](#) site on MyParker.

1. Navigate to the course where your instructor has posted Lecture Tools lectures. Navigate to the area of the course where the instructor has posted the link to their Lecture Tools lecture and click on the link.

2. Click on **Enter Lecture Tools** link to launch the Lecture Tools site.

Welcome to LectureTools.

Please click the button below to continue into LectureTools.

[Enter LectureTools](#)

3. If you have not previously accessed Lecture Tools, create and confirm your lecture tools password. This password will be managed separately from your Parker password so you will want to store the password for future reference.

LECTURETOOLS - Welcome Student education

Password

Confirm Password

Cell Phone Number (optional)

Used for our SMS-based question response system. [More info.](#)

Set

4. Add your cellphone number if you plan to respond to Lecture Tools questions via SMS text response. If you are not sure, add it just in case. You can always edit these settings under the Manage Account area on the Lecture Tools site.

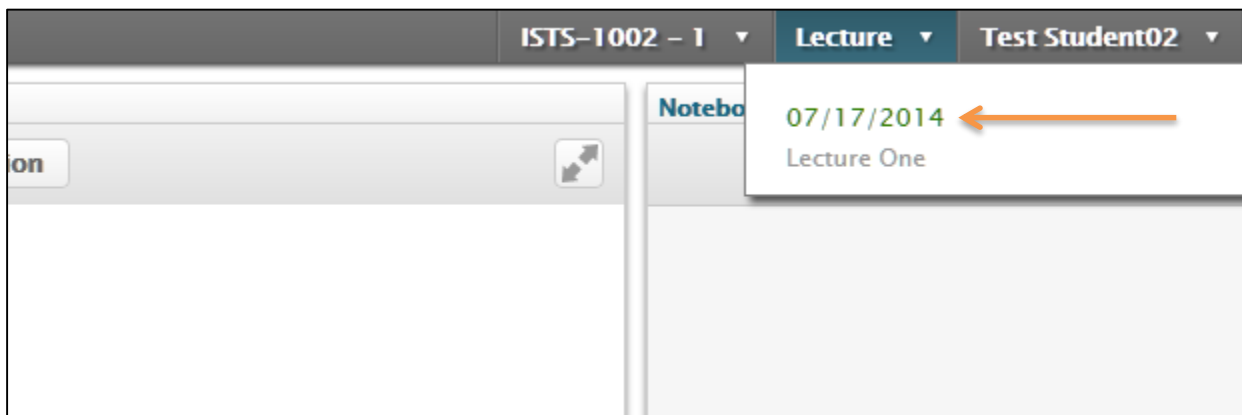

A success notification will display for several seconds before redirecting to the Lecture Tools site.

 **Your LectureTool password was set successfully**

To Access the Lecture Tools Presentation Slides

1. From the Lecture Tools student home page, click on the **Lecture** tab and select the appropriate lecture.

When the lecture slides load, navigate to the active slides, take notes, ask questions for the instructor to answer and flag slides and confusing. Ask your instructor for guidance on how you will use Lecture Tools inside and outside of class. Some slides may be hidden from your view by instructor. If you think that they slide should be active, contact your instructor.
